Mount - Rögzítő

Please read all of the instructions and look at the pictures before attaching the mount.

1. Loosen RFD40 Top Cover: To install this adapter, remove the top cover plate on the RFD40 RFID Reader. Once loose, the top cover can be removed completely and set aside for any future needs.

2. Align the 4 screw holes with the top of the RFD40, secure the plate to the RFD40 with a screwdriver. Note that the fasteners should only be tightened to finger tight.

3. slide the phone down over the top of the rail to align the case and the phone to the connector.

4. The mount is in place.
