Mount - Rögzítő

Please read all of the instructions and look at the pictures before attaching the holder.

1. Attach the Mounting Module to your device by positioning the bracket over the holes as shown in the image. Use the included screws, starting with the long, silver ones at the top of the Mounting Module bracket. Use the four short screws to secure the Brodit bracket.

2. Attach the female plate to the ProClip and screw it to the mount using the enclosed screws.

3. Slide the Device down into the female plate on the vehicle mount until it clicks into place.

4. The mount is in place.
