## Szerelőlap

Please read all of the instructions and look at the pictures before attaching the plate.

1. Press a screwdriver (Philips) firmly through the predrilled holes in the Extension Plate to open them up. (As long as you are using the screws you don't have to peel off the cover of the adhesive tape)

2. Place the Extension Plate onto the ProClip. Screw the Plate onto the ProClip using the enclosed screws.

3. You are now ready to attach two devices to your ProClip Extension Plate.

4. The Extension Plate is in place.
