Asztali állvány

Please read all of the instructions and look at the pictures before attaching the holder.

1. Connect the power supply to the Molex 6 pin connector.

2. To place the device in the holder: Place the lower part of the device in the bottom of the holder. Flip/Press the top of the device forward into place in the holder.

3. To remove the device from the holder: Place your index finger on the upper part of the holder and push at the same time as you pull the upper part of the device out from the holder. When the device is set free, lift it upward out of the holder.

4. The holder is in place.
