Mount

Please read all of the instructions and look at the pictures before attaching the mount. The pictures show examples of how an assembly can be done. The device can be placed in any direction provided the threaded holes match the holes in the mount.

1. Position your Zebra device as shown in the image and fasten the device using the supplied screws.

2. Position the angled part of the bracket so that the holes align. Adjust the angle, then fasten the angled part. On the back of the U-Bracket, mount your pedestal mount.

3. The product fully assembled on a Bosch aluminum profile.

4. The product fully assembled on a Brodit pedestal mount.
