Mount - Rögzítő

Please read all of the instructions and look at the pictures before attaching the holder. **IMPORTANT:** To mount the plate to your printer, use the holes that match your printer model. Use the screws labeled for your specific printer.

1. Detach the mounting plate from the Laubner printer bracket. Place the four locking pieces into the holes underneath the printer. Push the locking pieces up/down as shown in the picture so that they latch into place.

2. Attach the mounting plate to the printer. Use the holes shown in the picture according to your printer model.

3. Place the printer with the mounting plate onto the Laubner printer bracket and screw it in place. Use the included cable ties for a more secure cable installation.

4. The product is in place.
