Mount - Rögzítő

Please read all of the instructions and look at the pictures before attaching the product.

1. Place the mount onto the device so the holes match. Use the two enclosed screws to attach the mount in place.

2. Put the device into place: Hold the device on the right side of the mount. Slide it leftwards onto the mount so it snaps into place.

Remove the device: Press forward on the release lever and slide the device rightwards away from the mount.

3. To adjust and lock the label roll side support: Turn the lever counterclockwise to loosen the lock. Adjust the side support to the desired position. Turn the lever clockwise to lock it in place.

If you need a new grip while tightening or loosening: pull the lever upward to release it, reposition the lever, and then continue turning.

4. The product is in place.
