Passive holder

Please read all of the instructions and look at the pictures before attaching the holder.

1. To place the device in the holder: Place the lower part of the device in the holder. Flip/press the upper part of the device forward so it snaps into place in the holder. To remove the device from the holder: Press upwards on the upper part of the holder, at the same time pull the upper part of the device out from the holder. Lift the device up and out from the holder.

2. Place the holder onto the desired position and screw into place with the enclosed screws.

3. The holder is in place.

4. The holder is in place.
