## Passzív tartó csuklóval

Please read all of the instructions and look at the pictures before attaching the holder.

1. Loosen the screw in the center of the holder so you can remove the tilt swivel attaching plate on the back.

2. Place the attaching plate onto the desired position. Screw the attaching plate into place with the enclosed screws. Place the holder over the attaching plate so the screw fits in the hole in the tilt swivel. Tighten the screw so the holder is firmly in place, but still can be adjusted.

3. To place the device in the holder: Place the lowerpart of the device into the holder. Press the device downward into place in the holder. To remove the device from the holder: Push the device upward. When the device is set free, lift it upward out of the holder.

4. The holder is in place.
