Passzív tartó csuklóval

Please read all instructions and review the photos before installing the holder.

1. Loosen the screw in the center of the holder and remove the tilt-swivel mounting plate from the back.

2. Position the mounting plate in the desired location and secure it using the enclosed screws.

3. Place the holder onto the mounting plate, ensuring the screw aligns with the hole in the tilt swivel. Tighten the screw until the holder is securely fastened while still allowing the tilt and swivel functions to be adjusted.

4. The holder is now installed and ready for use.
